ABOUT ME

My name is Vonn. I am 20 years old and I am a 2nd year college student, currently studying at the University Of Southeastern Philippines, taking the Bachelor of Science in Information Technology.

EXPERIENCE

Academic Projects

Quality Assurance (QA) Tester

In my role as a QA Tester, I was dedicated to thoroughly testing software for bugs and suggesting improvements. Working closely with our development teams, I helped enhance the software's functionality and reliability. My keen eye for detail and systematic approach to testing played a key role in continually improving our processes.

EDUCATION

- Communal Elementary School
- Communal National High School
- AMA Computer College
- University of Southeastern Philippines
